

MV Transportation, Inc. retains contract with the Southeastern Pennsylvania Transportation Authority (SEPTA)

July 7, 2008 (Philadelphia, Pennsylvania) – The Southeastern Pennsylvania Transportation Authority (SEPTA) has again selected MV as its contractor for ADA paratransit and Shared Ride Program (SRP) Service in Philadelphia County.

On June 26th, the SEPTA Board of Directors authorized the award of a \$23.5 million, four-year (with one, one-year option) contract. Under the terms of the agreement, MV will operate and maintain 49 SEPTA provided vehicles, and operate more than 100,000 hours of service annually.

Though MV acquired this contract in 2006, its partnership with SEPTA began in 2004 after a competitive procurement to operate paratransit services. In 2005, MV worked closely with the Authority following an abrupt stop in service by a Philadelphia based paratransit contractor, which dissolved and ended their contract with SEPTA the very next day. Understanding the importance of these vital services, MV assumed responsibility on an emergency basis in less than 48 hours.

Under the direction of the Customized Community Transportation Division (CCT), SEPTA offers ADA and Shared-Ride Program paratransit service. ADA service is guided by the Americans with Disabilities Act, and provides valuable advanced reservation, door-to-door transportation to eligible persons with disabilities. The SRP paratransit service is a demand shared ride service for seniors, which is subsidized by the Pennsylvania Lottery.

“MV appreciates the longstanding relationship we have built with the SEPTA staff and we are thrilled with this award,” said Keith Whalen, East Group President.

Based in Fairfield, California, MV is the largest private provider of paratransit services and the largest privately-owned transportation contracting firm in the U.S. The company employs more than 11,500 dedicated transit professionals and operates more than 180 paratransit, fixed-route, shuttle and Medicaid contracts in 24 states and British Columbia, Canada.
