

**FOR IMMEDIATE RELEASE:**

## **MV Transportation, Inc. selected to continue management of Glendale, CA Beeline Bus System**

The City Council of Glendale, California recently voted unanimously to retain MV Transportation, Inc. as the manager of the city's Beeline fixed-route service.

MV has operated the Beeline since 2002. Under the new five-year, \$27 million contract (with two, one-year options) MV will continue to manage, operate and maintain the Beeline service.

"We are very excited about the opportunity to continue managing the Beeline service and working in partnership with the City of Glendale," said Kevin Klika, President of MV's West Coast Operations. "We have enjoyed working in partnership with City Staff to continually improve bus service for the community."

City Staff commended MV for strong and consistent leadership provided by the local management team, as well as the solid corporate support. The local management's commitment to respect for employees, is demonstrated by the fact that nearly fifty percent of Beeline drivers have 5 or more years seniority. The City Council was extremely impressed by the letters of support for MV from the Teamsters and the Beeline employees which were included in MV's proposal.

Based in Fairfield, California, MV is the largest private provider of paratransit services and the largest privately-owned transportation contracting firm in the United States. The company employs more than 11,000 dedicated transit professionals and operates more than 180 paratransit, fixed-route, shuttle and Medicaid contracts in 24 states.
